## Effective Budgeting Skills (1-day)

This is suitable for anyone with a working knowledge of company accounts who want to develop their skill further.

Delegates are expected to have attended Finance for Non-Finance Staff or to have attained that level of knowledge. However, we can combine these two courses as one if you wish.

If you've already attended this course and are looking to progress to a more strategic course then you may wish to consider Finance for Senior Managers & Directors, Commercial Awareness Skills or Formulating Your Financial Strategy, Effective Budgeting Skills or Complete Credit Control.

### **By the end of this course you will be able to:**

- Undertake a more complex interpretation of company accounts by building on existing knowledge of ratio and trend analysis.
- Identify and assess both market and business risk using this knowledge.
- Understand the different considerations when choosing a method of funding and understand "cost of capital".
- Recognise techniques adopted in company accounts to disguise potential problems.
- Understand some of the non-financial sources of information available to assess company performance.

### **What you can expect to gain:**

#### **Refresher on Financial Statements and Terminology**

##### **Risk**

- Business and financial risk
- Consider different business sectors and identify the key financial features in each
- Recognise the typical problems with using company accounts
- Using accounts to assess risk

##### **Ratios**

- Refresher on key ratios
- Types of shares and capital structure including debt funding
